ACKNOWLEDGEMENTS

This Resource Directory recording support services available for women, in the State of Punjab, came as a response to a much needed information base on such services to women in particular and anyone in the State in General. The Directory is an outcome of the support and co-operation of many individuals and organisations, both governmental and non-governmental.

We the Voluntary Health Association of Punjab, Chandigarh (VHAP) would like to provide our heartfelt thanks to all the individuals and organisations who have been working on issues of women's rights and have continued to provide support to counter violence against women and whom we have had the privilege of meeting over the past couple of months while working on the Directory. Bringing our this Resource Directory would not have been possible had it not been for the help and support provided by the various organisations – Both Government and Non Government and Individuals.

We are very grateful to Punjab State Human Rights Commission, Social Security Women & Child Development Department, Chandigarh, Punjab, Punjab Legal Services Authority, Department Of Prison, Punjab, Punjab State Social Welfare Advisory Board, State Commission for Women, Punjab.

We would also like to extend our appreciation for the cooperation and assistance provided by the office of the DGP, Punjab, Headquarter

Chandigarh; Offices of the Superintendent of Police in all the 17 Districts of Punjab that we visited; Inspector General of Prisons, Punjab and the Jailors of the District Jails in all the 17 districts of Punjab.

We thank UNIFEM South Asia Regional Office, New Delhi for having made this project possible. We also feel proud in Thanking Zonta International for their support to the publication of this report. VHAP wishes to place on record a sincere appreciation and gratitude to the survivors of violence who shared their experience and viewed their concerns on the issue. Many thanks also go to the VHAP research team who worked efficiently and carried out the task of collecting data in many areas of the state and to everybody who has been involved with the preparation and completion of the report. We take this opportunity for thanking S. Balwant Singh Ramoowalia for providing inputs concerning Plight of Abused Married Girls Deserted By Their NRI Husbands.

We also thank Naresh Dutt for burning the midnight oil for compiling and completing the Resource Directory. We sincerely feel that without his hard labour the directory would not have been completed in time.

We do hope that this Resource Directory will act as a catalyst in prompting a positive response from authorities such that the support services for women in the State, where absent, are created and where existing are strengthened.

Manmohan Sharma
Executive Director
Voluntary Health Association of Punjab
(VHAP)
